GOR AG FMI & FNAI Workshop 2027

CALL FOR PAPERS

Important Deadlines

Abstract submission: 17 January 2027
Abstract accept: 24 January 2027
Registration deadline: 31 January 2027
Workshop date: 17 to 18 February 2027
Workshop place: ICN Berlin Business School
Alt-Moabit 96
10559 Berlin, Germany

Workshop of the German Operations Research Society (GOR e.V.)
Working Group on Financial Management and Investments (GOR AG FMI)
Working Group on Fuzzy Systems, Neural Networks, and Artificial Intelligence (GOR AG FNAI)

Workshop

We would like to invite researchers and practitioners to participate in the workshop of the German Operations Research Society (GOR e.V.) hosted at ICN Berlin Business School. The goal of the workshop is to bring together academics and practitioners to provide a unique platform to discuss the latest theoretical and empirical research from all relevant areas. The workshop participation is free of charge for GOR members and affiliates of the organizing institutions; there might be a low service charge for refreshments.

Abstract submission

We invite in particular young researchers and scientists to submit abstracts on all relevant topics in the above-mentioned fields. An extended abstract (2 pages, no full papers, please) must provide information about the motivation and goal of the research topic, the methods used as well as the main results and key findings. The submission should be accompanied by a cover page including title, names and contact details of the author(s).

Submission deadline

17 January 2027

For submission of abstracts, for registration and for further information, please contact volker.seiler@icn-artem.com.

Organizing/Scientific committee

Prof. Dr. Michael H. Breitner, Leibniz Universität Hannover
